REMARKS

The above amendments and these remarks are responsive to the Office Communication dated August 19, 2005, in which the Examiner noted that Claim 40 would be determined allowable if rewritten. Necessary amendments have been presented above.

The specification has been amended to properly described the Figures. The chemical names for the compounds shown in Figures 5A and 5B are now provided. No new matter is introduced.

Claim 40 was amended to more particularly claim the invention. Support for the amendments can be found at page 10, lines 14 – 23. No new matter is introduced.

New Claim 41 is directed to a device comprising at least one layer comprising the polymer of Claim 40. Support for Claim 41 in the application as filed includes, but is not limited to Figure 5C, and now canceled device claims. No new matter is introduced.

New Claim 42 is directed to the monomeric units as set forth in Claim 40; and new Claim 43 is directed to the polymer having the monomeric units of Claim 40. No new matter is introduced. No new issues are raised for examination.

Thus, the pending claims are now 40, 41, 42, and 43.

All other claims, including composition and device claims have been canceled.

CONCLUSION

Applicants submit that the above referenced application is in condition for allowance. In view of the foregoing, a Notice of Allowance for Claims 40 – 43 is respectfully requested.

Respectfully submitted,
